## Summary

Business Transformation Consultant with 4+ years delivering digital transformation and operational strategy across automotive manufacturing, infrastructure, and luxury retail - leading cross-functional stakeholder engagements across global teams to translate complex requirements into AI-integrated finance transformation, ERP implementations, and governance frameworks.

## Professional Experience

### Sr Executive | FORVIA | Pune, India

Nov 2023– Sep 2025

- Pioneered a centralized management reporting process across 70+ global manufacturing sites, mandated as the global standard for monthly CFO reporting, reclaiming 12 days of monthly productivity per site.
- Designed and led internal control governance model across China and Thailand, bridging site operations with executive strategy to achieve 100% global standard compliance.
- Developed a tracking system for audit findings using Power Platform centralizing audit communications, timelines and closure tracking, reclaiming 240 hrs/year, recognized by the Internal Control Director.
- Built a Power BI Cash-Out Management dashboard integrating SAP – Celonis – Palantir that highlighted \$32M+ PO backlog hidden from treasury, driving \$41.2M forecast accuracy improvement across 23 European sites.
- Introduced AI-driven analytics into the Cash-Out Management dashboard, giving purchasing, controlling and buyer teams a live map of supplier positions and budget data, enabling reliable liquidity decisions.
- Reduced largest portfolio forecast variance by 91% through cross-functional governance redesign, establishing a reliable cash-out roadmap for high-stakes investment decisions.
- Selected to present the KPI driven reporting framework at the Global Internal Control training in France and Slovakia and lead the implementation as a subject matter expert.
- Awarded Customer Appreciation Award by Faurecia India CFO, for achievement in transformations beyond core scope.
- Recognized as Employee Referral Champion of the Year from a workforce of 2,000+ by actively building a talent pipeline for the organization.

### Business Architecture Analyst | ACCENTURE TECHNOLOGY | Pune, India

May 2022– Nov 2023

- Led MS Dynamics 365 ERP implementation for world's largest luxury watch retailer, bridging client stakeholders, managed services partners and a 10+ member team from requirements to delivery, achieving \$16,000 in cost avoidance per cycle.
- Engineered RSAT test automation framework for 1000+ test cases leading to 40% efficiency gain, reclaiming 800 hrs of team capacity per cycle & delivering zero post-go-live defects.
- Led financial process optimization for the company's largest D365 client, by automating Fixed Asset capitalization logic, replacing manual BPO journal entries; freeing 2 FTEs and delivering \$10,000 in annual cost avoidance.
- Designed executive financial intelligence dashboard consolidating budget and cost data, enabling leadership to make informed investment decisions and reducing reporting time by 25%.

### Trainee | AMIT A. APTE – COST ACCOUNTANTS | Pune, India

Jan 2020– Mar 2022

- Managed cost governance and statutory audit for \$1B+ luxury real estate portfolio, delivering zero-defect audit cycle while mitigating risks.
- Conducted financial modelling and business valuation for startups across Technology, Agriculture, and Infrastructure sectors, deriving valuations up to \$24M using DCF and Peer Comparison.
- Architected Investor Memorandum for government-backed nutraceutical startup, securing \$6M fundraising through 5-year projections and market analysis of industry.
- Managed Income Tax Return compliance for 100+ High-Net-Worth Individuals and NRIs, ensuring adherence to multi-jurisdictional tax laws with zero-penalty record.
